

# TILE & GROUT SEALING

Spills Happen!

Stains Won't!

## Advanced grout sealing process

Surfaces not sealed or sealed with mediocre quality sealers are a sponge for spills and can result in permanent stains. Our sealer will protect your flooring investment adding beauty and value to your home.

# Cleaning, Sealing & Natural Stone Restoration

Enviro Clean Grout & Stone Care Inc. uses technologically advanced processes and products for tile and grout creating a long lasting, durable layer of defense that prevents dirt and spills from being absorbed by grout.

Grout color is "locked in" while dirt and stains are "sealed out". Even grout with permeant stains can look new again.
